

ROSES

PAG. 236

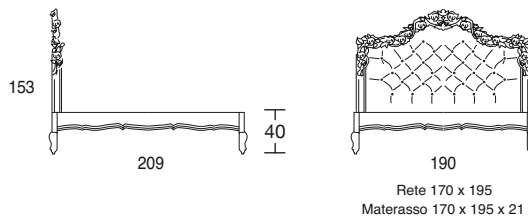

Disegno di Andrea Danti Modello depositato

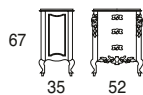

Struttura testata e giroletto: fusto in legno imbottito con poliuretano espanso rivestito con vellutino accoppiato in resinato.
 Testata con lavorazione capitonnè o con rivestimento trapuntato.
 Piedini in metallo sagomato, satinato o colorato, oppure in legno massello tornito, disponibili in varie finiture. Il rivestimento finale non è sfoderabile.
 Rete ortopedica: struttura portante in metallo con doghe in legno di faggio curvate a vapore.
 Materasso ortopedico: nucleo interno con molle elicoidali in acciaio, feltro e poliuretano espanso con imbottitura in lana e/o cotone.
 Comò, comodino, settimino e specchiera struttura fusto in legno listellare con intaglio in legno massello. Disponibile in varie colorazioni.

Headboard and bed surround structure: wooden frame with polyurethane foam padding and resin-backed velveteen upholstery. Headboard with deep-buttoned effect or with quilted upholstery.
 Molded metal feet, satin-finished or colored, or in lathe-turned solid wood, available in different finishes. The outer upholstery is not removable.
 Orthopedic mattress frame: metal bearing structure with steam-bent ash slats.
 Orthopedic mattress: core made of steel helical springs, felt, and polyurethane foam with wool and/or cotton padding.
 Dresser, nightstands, highboy and mirror structure: wooden frame with laminated wood carving. Available in various colors.

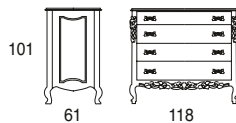

Letto - Bed
