

GINGER PAG. 122

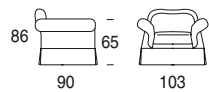

Disegno di Andrea Danti Modello depositato

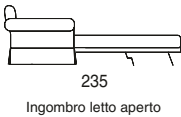

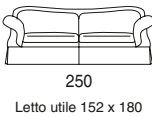

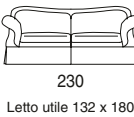

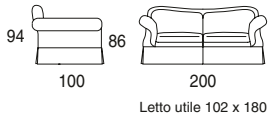

Struttura: fusto in legno imbottito con poliuretano espanso rivestito con vellutino accoppiato in resinato.
Molleggio: molle in acciaio inserite in un telaio tubolare metallico ricoperto da cinghie elastiche.
Cuscini seduta e schienale: nucleo interno in espanso ricoperto in piuma.
Il rivestimento è completamente sfoderabile.
Disponibile anche nella versione letto estraibile dotato di materasso in poliuretano espanso e rete ortopedica o in maglia metallica.
In questo caso viene eliminato il molleggio.

Structure: wooden frame with polyurethane foam covered in resin backed velvet.
Springs: steel springs inside a tubular metal frame covered with elastic belts.
Seat and back cushions: interior made from foam covered with feathers.
The covers are completely removable.
Also available in the sofa-bed version with polyurethane mattress and orthopaedic or metal net base.
In this case the springs are eliminated.

Poltrona - Armchair

Divani - Sofas
